Do you wish you could do more to help people in your community during these lockdowns? Are you feeling frustrated because of social distancing that makes it so hard to minister to others? Maybe the **Care for Hope** initiative is something your church could get involved in. Our goal is to reach over 200,000 homes across Canada by offering them a free book called **The Power of Hope**. The purpose is to target local communities - offering a tool to help individuals deal with depression, anxiety, forgiveness and addiction, while providing them hope. Find out more at glowcanada.ca/care. **But hurry, the deadline to register is only a couple weeks away!** (For those in Quebec, please click here: glowcanada.ca/richeesse)

What is God Doing During Lockdowns?

We, at *Lifestyle Canada*, are grateful for God's guidance and protection during this past year. Although the pandemic temporarily halted close personal contact, the spread of GLOW tracts and other forms of literature is still having a great impact – especially in the lives of those who are seeking answers during this time. God is not under lockdown and His promise is still true when

He says, "For as the rain comes down, and the snow from heaven, and do not return there, but water the earth and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word be that goes forth from My mouth; It shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it." – Isaiah 55:11

The word of God is still going out through books, tracts and even virtual contacts. Just in the last few weeks, we received requests from quite a few people. To name a few:

- Ravi, a Hindu – for Bible studies and a copy of *The Great Controversy*
- Linda – just went out and recently bought a Bible. She now wants to understand it – especially the book of Revelation! She wants to get to know God and desires Bible studies.
- George & Davis – for more literature to get to know God through *The Desire of Ages*
- Vilma, Cortney, Paul, Wendy, Anne-Marie – for Bible studies and for more literature
- A psychiatrist in Toronto, and a university professor in Halifax – for Bible studies & *The Great Controversy*
- A Presbyterian church to provide literature for their packages for the homeless in their city
- Raylene for Bible Studies and to know more about the Seventh-day Adventist religion, so that she can become a better person and make her life right with Christ.
- Sandra asked for special prayer, and others requested specific prayer for their mental health.

These are just samples of the messages we get from GLOW tracts distributed all across Canada by people just like yourself. At *Lifestyle Canada*, we can attest to the fact that, "*The publications sent forth from our printing houses are to prepare a people to meet God. Throughout the world they are to do the same work that was done by John the Baptist for the Jewish nation.*" - CM 3

John the Baptist preceded Jesus. Literature is one means of planting seeds, and precedes, in many cases, Christ's method of mingling with people. During

lockdowns, won't you partner with us in sharing even more of God's word in preparation for Christ's return? Please pray for the *Care for Hope* initiative and see if this is something your church, or a group of friends, could get involved in.

Cancer, Diabetes & the Gospel

Did you know that 1 in 2 Canadians will develop cancer in their lifetime and that 1 in 4 will die from it?* Cancer and diabetes are affecting so many people and we believe there is much that can be done to help. We are so excited about the new care packages that were developed this past year to assist with this different kind of pandemic. To find out more, click on the picture below.
