**Stewardship Week of Revival 2021  
“SEEKING FIRST THE KINGDOM”  
(November 27 – December 4, 2021)**

Dear Stewardship Leaders, Children’s Ministry Leaders, Elders, and Pastors,

I trust our good Lord that you are all safe and vibrant in His service!

The reason for sending this letter today is to highlight our **Stewardship Week of Revival 2021** themed “Seeking First The Kingdom” and to share the resource material for this momentous event as attached.

The resource material has the **readings** (with discussion questions), **children’s stories** (with sharing questions), and **daily promises** which covers eight (8) days of inspiration for all ages in our wonderful churches. Considering the best possible situation for our congregations in view of the ongoing pandemic, the resource can be easily turn into a virtual sermon or devotional series with children’s story portion for the whole church family, or perhaps a two separate dynamic spiritual online sharing sessions for adults and children (with youth leading out as big brothers and sisters), or simply small groups discussion material, and much more in terms of approach and timing, depending on what your creative minds as God’s leaders can decide onto. The same material also fits well for family and personal worship time. What matters is that the messages, through the power of the Holy Spirit, will bring revival to our churches and inspiration to our walk with the Lord. So, thank you in advance for your supportive leadership on this initiative!

You will notice that the date we have set for the event coincides with the same World Stewardship Emphasis Week for our global church. We are encouraging our churches to align with the sisterhood of churches around the world while being open for date adjustments that some may need to take.

As God’s faithful stewards awaiting Christ’s coming anytime soon, may we all experience spiritual refreshing from above as we approach the soon to end challenging year of 2021 and make way to eventually welcome the promising unknown year of 2022 through the Stewardship Week of Revival experience.

With you in seeking first the Kingdom and hasten the coming of Jesus,

Pastor Gerry Pasikatan
