FAMILY 2 – INNA HAPON

We are family from Ukraine. My name is Inna, I am 34 years old. I have two sons Artem 9 years old and Max, almost 3 years old, his birthday is on Christmas Eve, December 24.

Because of this horrible war in our country, we had to leave our home, me and my kids. And my husband had to stay there to protect our country. For a few months we had to stay in a cellar hiding from bombs, it was no light, no food, no fresh air. Thankfully Canada could allowed for visa and we could escape through Poland here. It was so dangerous under bombing to reach other country where we could take an airplane. We came here in June. It is not easy to come to country with no English and no money with two small children but we receive a huge help and support from people and community. We are so Thankful for all support.

We all pray and hope for this war to finish so we could go home. Thank you again and God bless all!
